

### Synopsis:

The Canadian-bred comic geniuses stretched sketch comedy to its ultimate limits with hilariously off-the-wall results with critical and fan acclaim. From the infamous Chicken Lady and Cabbage Head to Buddy Cole and the Headcrusher, the pioneering, edgy and ever-charming comedians created the most unhinged, unprecedented and unpredictable acclaimed cult series. No subject is too sacred; no corner of the human experience is too strange or too scary to hide from the harsh but blisteringly funny comments The Kids have to make on them.
