With his signature turned-up tie, round glasses and buzz cut, *Dilbert* is already a pop culture phenomenon, providing an irreverent reference point for workers everywhere. Now you can follow Dilbert and his co-workers as they try to make sense of corporate culture through witty banter and silly slapstick.

Developed and produced by Emmy Award-winning writer/producer Larry Charles (*Seinfeld*, *Curb Your Enthusiasm*), *Dilbert* follows the "every man" as he copes with daily life at The Company. Daniel Stern (*The Wonder Years*) stars as the voice of Dilbert, while Chris Elliott (*How I Met Your Mother*) voices his roommate Dogbert, who views the entire world as existing for his personal entertainment. Joining Dilbert in the office are his fellow engineers: the no-nonsense, caffeinated Alice (Kathy Griffin) and selfish, slothful Wally (Gordon Hunt).

Guest voice talent includes Jason Alexander, Andy Dick, Eugene Levy, Jay Leno, Jerry Seinfeld, Stone Cold Steve Austin, Tom Green and more!
