

# BIBLICAL COLLECTOR'S SERIES: Noah's Ark and the Biblical Flood & Moses: Man of God

## Are These Mythical Stories Also Factual?

### Noah's Ark & The Biblical Flood

Nearly 200 ancient cultures with the capability to keep a written or oral history have records of an all-encompassing flood – one with astonishing parallels to the biblical account of Noah's Ark/ Was there a deluge of such enormous proportion that it covered the entire earth? Has modern technology finally answered these questions? Some scientists now believe the biblical record of a worldwide flood can account for all the world's geographic anomalies – geologic abnormalities that, until now, have defied explanation. Astonishing new theories explain the flood that many have inundated the world in ancient times.

### Moses – Man of God

The Bible is the oldest continuous history of any people of Earth today. But is it truly history? Can we prove, with any degree of certainty, that the miraculous stories attributed to Moses are factual? Did the power of God, working through Moses, open a passageway of dry land through the Red Sea? Was there, in fact, an exodus of millions of Israelite slaves out of Egypt into the Sinai desert? Can the proof of this biblical account be found at the bottom of the Gulf of Aqaba? After thousands of years of debate, science and a new archaeology now add their contributions.
