

GHOST TOWNS

Strike It Rich With Our Nations Haunting History!

Synopsis:

Unearth **America's Lost Worlds!** This 5-Part series ventures into the roots of our nations high hopes and hard labors to discover the towns that boomed fast and went bust even faster. Through original footage, interviews with experts and archival materials, this fascinating documentary takes viewers on an amazing journey through our abandoned history. From the deserts of California and Colorado to the forts, trails and battle sites of war, witness the precious remains of the past that only exist today only as shadows of former glories and empty promises.
