

FOOTPRINTS

Angels Are Real. Some Even Have Fur.

Synopsis:

Footprints is based on the true story of a man who finds the healing power of love only after he lost everything he had valued and given up. It is a true story of a dog who learned to trust and serve only after she'd been abused and then discarded as worthless. It is the true story of a journey the two of them took that neither knew would bring them together. But God did. Through His guidance, a man and a dog experience the transformation of being unwanted to becoming cherished. And in the process, they impact lives around them in ways only God could have imagined.
