

HISTORY OF THE US CAVALRY

History of America's Mounted Forces!

Synopsis:

This 5-part documentary illustrates, through source documents and historical re-enactments, the history of the United States Cavalry, from its beginnings to its modern counterparts today.

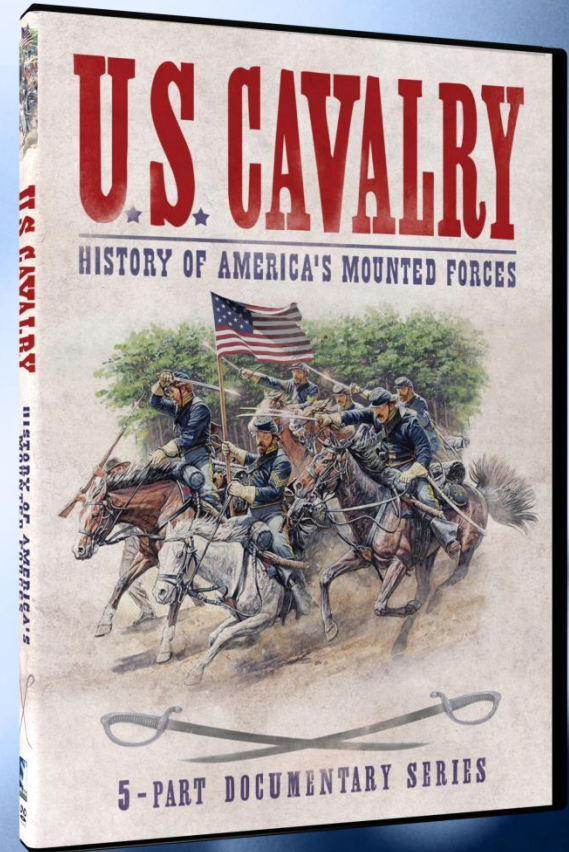

- Origins to America's First Wars
- Indians, Custer, & The West
- The Rough Riders and a New Horse
- Patton & World War II
- The Modern Cavalry

Target Audience:

History, War, Documentary Fans

Key Selling Points:

- Brand new, produced exclusively for Mill Creek Entertainment
- The US Cavalry was the mounted force of the US Army during the late 18th century to the early 20th century
- In the early years, the cavalry was instrumental in bringing US government authority into the Western States after the Civil War
- Their last operation as a true mounted cavalry was in 1942
- Many movies have been made featuring the US Cavalry
