

Synopsis:

KUROZUKA

Kuro, a 12th-century man, flees into the mountains after losing to his brother, where he meets a strange, beautiful woman named Kuromitsu. Kuro falls in love with Kuromitsu but realizes she conceals a dark secret. She is unable to die and continues to live for thousands of years as Japan evolves into a future society.

VIPER'S CREED

In the near future, following environmental catastrophe and World War III, private military companies (PMCs) are the only organizations able to provide law enforcement for rebuilding cities. The Arqon Global Security Corporation protects Fort Daiva City by deploying its elite military unit called Viper. They are fighting against a terrorist group known as Hound which is using unmanned weapons called Bugmecha which were left behind after the war.
