

### Synopsis:

The canine star with the most expressive face in dogdom returns in his second record-breaking movie adventure!

Benji's back in this second hit from writer-director Joe Camp! Benji's family is en route to a vacation in Greece when a fellow passenger "borrows" Benji for just long enough to tattoo a mysterious message on his paw. Separated from the family in Athens, Benji finds himself on the run from an assortment of international spies seeking an energy scientist, who has been working on a secret formula. "There aren't enough superlatives to describe this sensational film!" says Family Weekly. You'll be sure to agree!
