Full Synopsis:

"Community" is a smart, exuberant comedy that was consistently ranked as one of the most inventive and original half hours on television. This ensemble comedy centers on a tight-knit group of friends who all met at what is possibly the world's worst educational institution - Greendale Community College.

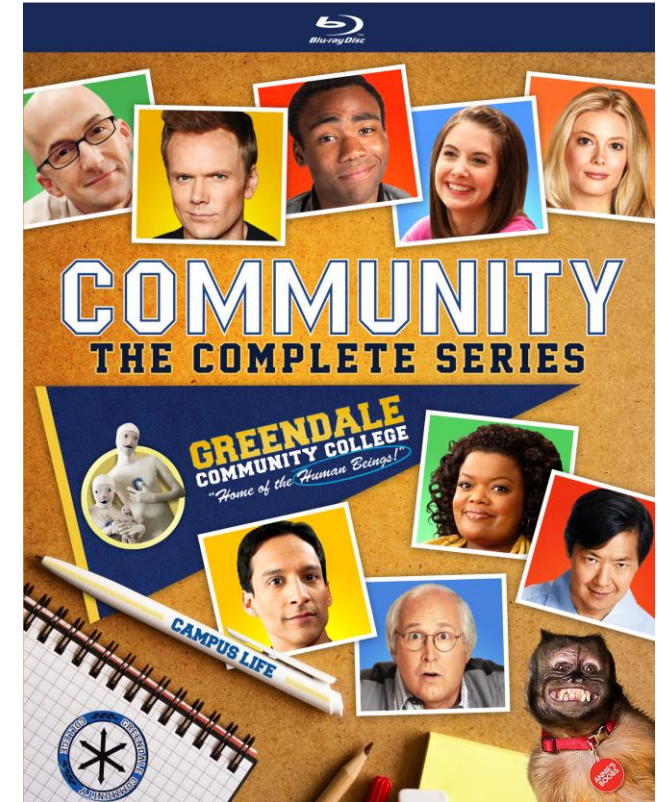

Recently disbarred lawyer Jeff Winger enrolls to get a legit degree the quickest and easiest way possible, but when he starts a fake Spanish study group solely for the purpose of hooking up with a sexy classmate, he doesn't expect to be joined by a random group of misfit fellow students. Over the course of the next 6 years, this group finds themselves involved in epic paintball battles, chicken finger conspiracies, sci-fi conventions, campus-wide pillow wars, and everything in-between. In the process, they become so much more than just a study group...they become a family.
