

**Short Synopsis:**

Dr. Mindy Lahiri (Kaling) is a talented obstetrician navigating the tricky waters of her chaotic personal life as she pursues her dreams of becoming the perfect woman, finding happiness and getting her perfect romantic comedy ending.

Mindy shares a practice with three doctors, none of whom makes life any easier for her. There’s Dr. Danny Castellano (Chris Messina) whose on-again-off-again romance with Mindy keeps the office staff on their toes, Dr. Jeremy Reed (Ed Weeks), the office’s managing partner and resident punching bag, and Dr. Peter Prentice (Adam Palley), a high-fiving former frat boy, who knows nothing about the opposite sex, but insists on doling out relationship advice to Mindy. Rounding out the ensemble is ex-con-turned-nurse Morgan Tookers (Ike Barinholtz), the gossipy Tamra (Xosha Roquemore) and the grumpy Beverly (Beth Grant).

Now all 117 episodes across all 6 seasons are available on Blu-ray for the first time in a single complete series collection!
