

TERRY PRATCHETT'S THE COLOR OF MAGIC & HOGFATHER – MINI-SERIES DOUBLE FEATURE – BD + DIGITAL HD

Short Synopsis:

THE COLOR OF MAGIC

Inside a magical realm known as Discworld, a naive tourist (Astin) is on holiday until a terrible fire breaks out, forcing him to flee along with an incompetent wizard (Jason). Now, as the clueless pair set out on a magical journey across the disc, neither realizes that they are merely pawns in an elaborate board game being played by the Gods. After encountering a pair of barbarians, they take a trip to an inverted mountain housing dragons that only exist in imagination, survive a fall off the edge of the disc during a perilous visit to the country Krull, and attempt to beat the wizard's former classmate (Curry) to a collection of eight spells that could save Discworld from total destruction.
