

NO SAFE SPACES

SYNOPSIS

The First Amendment and free speech are under attack in America today. A growing number of Americans don't believe you have the right to speak your mind if what you have to say might offend someone, somewhere. They advocate for "safe spaces" in which people won't be offended by ideas they may find troubling.

In NO SAFE SPACES, comedian and podcast king Adam Carolla and radio talk show host Dennis Prager take the audience on a powerful and entertaining journey to expose the growing threat to free speech taking place on university campuses, in social media, and at your place of work. Along the way, Carolla and Prager show Americans how to have the courage to defend their First Amendment rights

"No Safe Spaces is a film every American should see. I could barely move when it was over. Powerful, emotional, and a call to action for anyone worried about the intellectual fascism happening in this country. A brave, timely, and important film." – **Megyn Kelly**
